T-N-T-2 GEARBOX

Model Numbers:

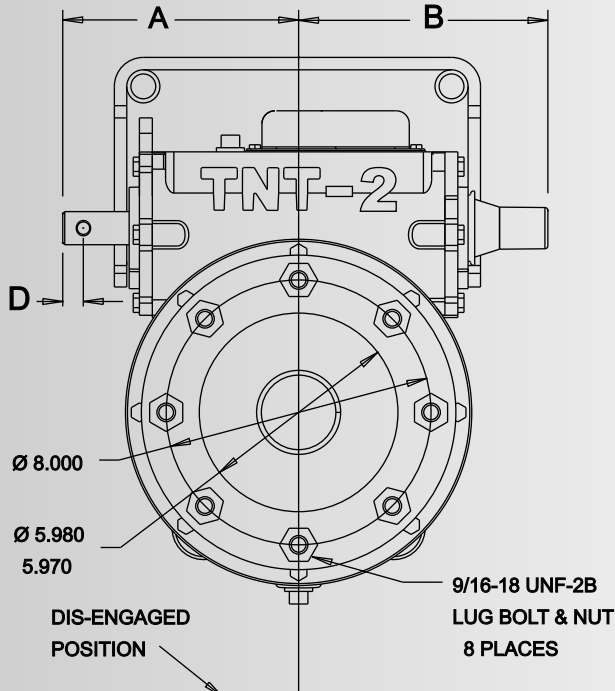

- TNT-2-U 50:1 10140-110*
 - TNT-2-UV 52:1 10140-116*
- US Patent # 6237863

Evaluation Specification:

- New design reduces periodic maintenance time.
- Dual input seals for added protection.
- Specially designed output seals with external seal saver.
- Easily disengage bale and tow your pivot to its working location, then simply re-engage bale and you are ready to run.
- Simple bale engagement lever makes for quick, easy, and trouble free operation.
- Compatible with most standard tires sizes.
- Efficient and reliable alternative to a bolt-on towable hub with standard gearbox.
- Patented design.
- Lighter weight and more economical cost than standard towable gearboxes.
- Universal bolt pattern mount fits most pivot and lateral / linear towable irrigation systems.
- Positive lock in both tow and non-tow positions.
- Uses our proven heavy duty gearing.
